We request that credit privileges be extended to my company and I agree to pay all charges with the designated terms of 30 days from the date of invoice. Failure to do so will result in withdrawal of my credit privileges and any special provisions give to our company. I understand that payment not received within 30days from invoice date will be assessed interest at the rate of one and one half percent per month or fraction thereof. I understand that I will be responsible for and pay all costs of collecting past due amounts including collection and attorney fees, whether of not suit is filed.

If freight bills are not paid within terms Maxway Freight Systems reserves the right to remove any and all discount associated with each invoice and all future freight bills regardless of any current agreements.

Freight charges cannot be held against claims. These are two separate issues and the freight charge must be paid before a claim will be examined. Any additional documentation required to pay an invoice will be supplied as a service and made available upon request. There are times when retrieving various documents may take a few days, this will not be considered a reason to pay beyond.
